Steel forgings — Testing frequency, sampling conditions and test methods for mechanical tests

National foreword

This British Standard is the UK implementation of ISO 15461:2018.

The UK participation in its preparation was entrusted to Technical Committee ISE/107, Steels for Pressure Purposes.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
