

BSI Standards Publication

**Copper and nickel sulfide ores and concentrates —
Determination of total chlorine content — Alkaline
fusion and potentiometric titration method**

National foreword

This British Standard is the UK implementation of ISO 15661:2020.

The UK participation in its preparation was entrusted to Technical Committee NFE/36, Copper lead and zinc ores and concentrates.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
