

BSI Standards Publication

Guidelines for treated wastewater use for irrigation projects

Part 2: Development of the project

National foreword

This British Standard is the UK implementation of ISO 16075-2:2020. It supersedes BS ISO 16075-2:2015, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/505/50, Water reuse.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
