

BS ISO 16457:2014

Incorporating corrigendum June 2014

BSI Standards Publication

Space systems — Space environment (natural and artificial) — The Earth's ionosphere model: international reference ionosphere (IRI) model and extensions to the plasmasphere

National foreword

This British Standard is the UK implementation of ISO 16457:2014. It supersedes DD ISO/TS 16457:2009 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee ACE/68, Space systems and operations, to Subcommittee ACE/68/-/4, Space systems and operations - Space environment (natural and artificial).

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
