

BS ISO 17211:2015

BSI Standards Publication

Stationary source emissions — Sampling and determination of selenium compounds in flue gas

National foreword

This British Standard is the UK implementation of ISO 17211:2015.

The UK participation in its preparation was entrusted to Technical Committee EH/2/1, Stationary source emission.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
