

BSI Standards Publication

Metallic materials — Ductility testing — High speed compression test for porous and cellular metals

National foreword

This British Standard is the UK implementation of ISO 17340:2020. It supersedes BS ISO 17340:2014, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/101/1, Uniaxial and Ductility Testing.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
