

Raw hydrogenated nitrile rubber (HNBR) — Determination of residual unsaturation by iodine value

ICS 83.060

National foreword

This British Standard is the UK implementation of ISO 17564:2008. It supersedes BS ISO 17564:2001 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/23, Test methods for rubber and non-black compounding ingredients.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 July 2008
