

BSI Standards Publication

Steady-state neutronics methods for power-reactor analysis

National foreword

This British Standard is the UK implementation of ISO 18075:2018.

The UK participation in its preparation was entrusted to Technical Committee E/-, Engineering Sector Policy & Strategy Committee.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
