

BSI Standards Publication

**Variable refrigerant flow air-to-air conditioners
and air-to-air heat pumps — Testing and calculating
methods for seasonal performance factors and
energy performance mapping approach**

National foreword

This British Standard is the UK implementation of ISO 18107:2026.

The UK participation in its preparation was entrusted to Technical Committee RHE/17, Testing of air conditioning units.

A list of organizations represented on this committee can be obtained on request to its committee manager.
