

Environmental tobacco smoke — Estimation of its contribution to respirable suspended particles — Method based on solanesol

ICS 13.040.20; 65.160

National foreword

This British Standard is the UK implementation of ISO 18144:2003.

The UK participation in its preparation was entrusted to Technical Committee AW/40, Tobacco and tobacco products.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 March 2009
