

BSI Standards Publication

Aerospace series — Titanium tube for 35 MPa operating pressure

Part 1: Inch series

National foreword

This British Standard is the UK implementation of ISO 18487-1:2017.

The UK participation in its preparation was entrusted to Technical Committee ACE/69, Aerospace hydraulic systems, fluids and components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
