

BSI Standards Publication

**Cigarettes — Determination of tobacco
specific nitrosamines in mainstream cigarette
smoke — Method using LC-MS/MS**

National foreword

This British Standard is the UK implementation of ISO 19290:2021. It supersedes BS ISO 19290:2016, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AW/40, Tobacco and tobacco products.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
