

BSI Standards Publication

Enterprise modelling and architecture — Constructs for enterprise modelling

National foreword

This British Standard is the UK implementation of ISO 19440:2020.

The UK participation in its preparation was entrusted to Technical Committee AMT/5, Industrial architectures and integration frameworks.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
