Road Vehicles — Extended vehicle (ExVe) methodology

Part 2: Methodology for designing the extended vehicle

National foreword

This British Standard is the UK implementation of ISO 20077-2:2018.

The UK participation in its preparation was entrusted to Technical Committee AUE/16, Data Communication (Road Vehicles).

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
