

BSI Standards Publication

Aircraft — Connections for starting engines by air

National foreword

This British Standard is the UK implementation of ISO 2026:2020. It supersedes BS C 17:1973, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ACE/57, Air cargo and ground support equipment.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
