Intelligent transport systems — Information for emergency service support via personal ITS station

Part 1: General requirements and technical definition

National foreword

This British Standard is the UK implementation of [ISO 20530-1:2020](#).

The UK participation in its preparation was entrusted to Technical Committee EPL/278, Intelligent transport systems.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
