Electrically propelled road vehicles — Determination of power for propulsion of hybrid electric vehicle

National foreword

This British Standard is the UK implementation of [ISO 20762:2018](#).

The UK participation in its preparation was entrusted to Technical Committee PEL/69, Electric vehicles.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
