Fine bubble technology — Cleaning applications

Part 2: Test method for cleaning machine-oil stained
surfaces of machined metal parts

National foreword

This British Standard is the UK implementation of ISO 21256-2:2020.

The UK participation in its preparation was entrusted to Technical Committee LBI/50, Fine Bubble Technology (FBT).

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
