

BSI Standards Publication

Surface active agents — Microbiology — Microbiological test methods for liquid hand dishwashing

National foreword

This British Standard is the UK implementation of [ISO 21703:2019](#).

The UK participation in its preparation was entrusted to Technical Committee CII/34, Methods of test for surface active agents.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
