

BSI Standards Publication

Automation systems and integration — Interfaces for automated machine tending

Part 1: Overview and fundamental principles

National foreword

This British Standard is the UK implementation of ISO 21919-1:2019.

The UK participation in its preparation was entrusted to Technical Committee AMT/4, Industrial data and manufacturing interfaces.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
