Aerospace — Electrohydrostatic actuator (EHA) — Characteristics to be defined in procurement specifications

National foreword

This British Standard is the UK implementation of ISO 22072:2011. It supersedes BS ISO 22072:2005 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ACE/69, Aerospace hydraulic systems, fluids and components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
