BSI Standards Publication

Input/output protocols and electronic interfaces for water meters — Requirements

bsi.

...making excellence a habit.™

National foreword

This British Standard is the UK implementation of ISO 22158:2011.

The UK participation in its preparation was entrusted to Technical Committee CPI/30/7, Volume flow-rate methods.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
