

BSI Standards Publication

**Aerospace fluid systems and components
— Variable displacement hydraulic
motors — General specifications**

National foreword

This British Standard is the UK implementation of ISO 22181:2021.

The UK participation in its preparation was entrusted to Technical Committee ACE/69, Aerospace hydraulic systems, fluids and components.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
