

BSI Standards Publication

Road vehicles — Durability test method of starter relay for stop and start system

National foreword

This British Standard is the UK implementation of ISO 22565:2019.

The UK participation in its preparation was entrusted to Technical Committee AUE/32, Electrical and electronic components and general system aspects (Road vehicles).

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
