

Milk and milk products — Determination of lactose content by high-performance liquid chromatography (Reference method)

ICS 67.100.01

Confirmed November 2011

National foreword

This British Standard is the UK implementation of ISO 22662:2007.

The UK participation in its preparation was entrusted to Technical Committee AW/5, Chemical analysis of milk and milk products.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 March 2008
