

BSI Standards Publication

Iron ores — Determination of trace elements — Plasma spectrometric method

National foreword

This British Standard is the UK implementation of ISO 22682:2017.

The UK participation in its preparation was entrusted to Technical Committee ISE/58, Iron ores.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
