

BSI Standards Publication

Space systems — Requirements of launch vehicle (LV) to electrical ground support equipment (EGSE) interfaces

National foreword

This British Standard is the UK implementation of [ISO 22772:2020](#).

The UK participation in its preparation was entrusted to Technical Committee ACE/68, Space systems and operations.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
