

Determination of the resistance to jet fires of passive fire protection materials

Part 1: General Requirements

ICS 13.220.50

National foreword

This British Standard is the UK implementation of ISO 22899-1:2007.

The UK participation in its preparation was entrusted to Technical Committee FSH/22/14, Jet-fire resistance test.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 July 2008
