

Road vehicles — Open diagnostic data exchange (ODX)

Part 1: Data model specification

ICS 43.180

National foreword

This British Standard is the UK implementation of ISO 22901-1:2008.

The UK participation in its preparation was entrusted to Technical Committee AUE/16, Electrical and electronic equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 November 2008
