

Agricultural tractors and machinery — Connection of implements via three- point linkage — Clearance zone around implement

ICS 65.060.01

National foreword

This British Standard is the UK implementation of ISO 2332:2009. It supersedes BS 6509:1984 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AGE/6, Agricultural tractors and forestry machinery.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 28 February 2009
