

BSI Standards Publication

Determination of pH value — Technical buffer solutions for the calibration of technical measuring installations

National foreword

This British Standard is the UK implementation of [ISO 23497:2019](#).

The UK participation in its preparation was entrusted to Technical Committee STI/10, Test methods for paints.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
