

BSI Standards Publication

**Plastics — Joining of thermoplastic
moulded components — Specification of
variables for thermal joining processes**

National foreword

This British Standard is the UK implementation of [ISO 23512:2021](#).

The UK participation in its preparation was entrusted to Technical Committee WEE/3, Welding of thermoplastic moulded components.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
