

BSI Standards Publication

**Service activities relating to drinking water supply, wastewater and stormwater systems —
Guideline for a water loss investigation of
drinking water distribution networks**

National foreword

This British Standard is the UK implementation of [ISO 24528:2021](#).

The UK participation in its preparation was entrusted to Technical Committee CB/503, Drinking water and wastewater service levels.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
