

BS ISO 26900:2012

Incorporating corrigendum August 2015

BSI Standards Publication

Space data and information transfer systems — Orbit data messages

bsi.

...making excellence a habit.™

National foreword

This British Standard is the UK implementation of ISO 26900:2012. It supersedes BS ISO 22664:2005, which is withdrawn.

This corrected version of ISO 26900:2012 also incorporates the corrections of Technical Corrigendum CCSDS 502.0-B-2 Cor. 1, May 2012. Corrections are identified in the enclosed CCSDS publication by a bar in the margin and the designation "Cor. 1". In addition, the list of equivalent references in Clause 2 of this International Standard has been updated.

The UK participation in its preparation was entrusted to Technical Committee ACE/68, Space systems and operations.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
