Prostheses and orthoses — Factors to be considered when specifying a prosthesis for a person who has had a lower limb amputation

National foreword

This British Standard is the UK implementation of [ISO 29782:2022](#). It supersedes [BS ISO 29782:2008](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee CH/168, Prosthetics and orthotics.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.
