

BSI Standards Publication

**Machine tools — Test conditions for
external cylindrical centreless grinding
machines — Testing of the accuracy**

National foreword

This British Standard is the UK implementation of ISO 3875:2020. It supersedes BS ISO 3875:2004, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee MTE/1/2, Machine tools - Accuracy.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
