

BS ISO 3999:2004

BSI Standards Publication

**Radiation protection —
Apparatus for industrial
gamma radiography —
Specifications for performance,
design and tests**

National foreword

This British Standard is the UK implementation of ISO 3999:2004. It supersedes BS 5650:1978 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee NCE/2, Radiation protection and measurement.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
