

Pneumatic fluid power — Five-port directional control valves —

Part 1: Mounting interface surfaces without electrical connector

ICS 23.100.50

National foreword

This British Standard was published by BSI. It is the UK implementation of ISO 5599-1:2001, incorporating corrigendum February 2006. It supersedes BS 7389-1:1990 which is withdrawn.

The start and finish of text introduced or altered by corrigendum is indicated in the text by tags AC AC. Text altered by ISO corrigendum February 2006 is indicated in the text by AC₁ AC₁.

The UK participation in its preparation was entrusted to Technical Committee MCE/18, Fluid power systems and components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Engineering Sector Policy and Strategy Committee, was published under the authority of the Standards Policy and Strategy Committee on 02 November 2001
