Plain bearings — Bearing fatigue

Part 3: Test on plain strips of a metallic multilayer bearing material

National foreword

This British Standard is the UK implementation of [ISO 7905-3:2019](#).

The UK participation in its preparation was entrusted to Technical Committee MCE/12, Plain bearings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
