

Sequential sampling plans for inspection by attributes

ICS 03.120.30

National foreword

This British Standard is the UK implementation of ISO 8422:2006. It partially supersedes BS 6001-4:1994. BS ISO 8422:2006 partially supersedes BS 6001-4:1994, which is withdrawn.

Users should note that BS 6001-4:1994 was identical to ISO 8422:1991. However, the acceptance procedures contained in Annex A of ISO 8422:1991 were published separately as ISO 2859-5:2005, which was implemented in the UK as BS 6001-4:2005. This standard implements the revised edition of ISO 8422:2006.

The UK participation in its preparation was entrusted to Technical Committee SS/5, Acceptance sampling schemes.

A list of organizations represented on SS/5 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 January 2007
