

Compressed air —

Part 4: Test methods for solid particle content

ICS 71.100.20

National foreword

This British Standard is the UK implementation of ISO 8573-4:2001, incorporating corrigendum April 2002.

The UK participation in its preparation was entrusted by Technical Committee MCE/8, Compressors, pneumatic tools, pneumatic machines and vacuum technology, to Subcommittee MCE/8/-/3, Air quality.

A list of organizations represented on this Subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Engineering Sector Committee, was published under the authority of the Standards Committee and comes into effect on 15 August 2001
