

Machine tools — Test conditions for bridge-type milling machines — Testing of the accuracy —

Part 2: Travelling bridge (gantry-type) machines

ICS 25.080.20

National foreword

This British Standard is the UK implementation of ISO 8636-2:2007. It supersedes BS 4656-37:1989 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee MTE/1, Machine tools.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 29 February 2008
