

Information technology — Language independent arithmetic —

Part 3: Complex integer and floating point arithmetic and complex elementary numerical functions

ICS 35.060

National foreword

This British Standard is the UK implementation of ISO/IEC 10967-3:2006.

The UK participation in its preparation was entrusted to Technical Committee IST/5, Programming languages, their environments and system software interfaces.

A list of organizations represented on this committee can be obtained on request to its secretary.

NOTE An editorial error has been identified in note 1 of clause 2 of the ISO/IEC text of this standard. The Annex referred to does not exist in this standard. ISO/IEC technical committee JTC1/SC22 has been informed of this error by BSI.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 May 2007
