

BSI Standards Publication

**Information technology — Common Logic (CL)
— A framework for a family of logic-based
languages**

National foreword

This British Standard is the UK implementation of ISO/IEC 24707:2018. It supersedes BS ISO/IEC 24707:2007, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee IST/40, Data management and interchange.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
