

# Information technology — Security techniques — Guidelines for information and communications technology disaster recovery services

ICS 35.040

## National foreword

This British Standard is the UK implementation of ISO/IEC 24762:2008.

The UK participation in its preparation was entrusted to Technical Committee IST/33, IT — Security techniques.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

**Compliance with a British Standard cannot confer immunity from legal obligations.**

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 29 February 2008
