*Incorporating
Amendment No. 1*

Series 1 shipborne barges —

Part 1: Specification for main dimensions

UDC [629.122.3:629.123.8] * 1

National foreword

BS MA 87 is one of a series relating to the details of shipborne barges. This Part of BS MA 87 has been prepared under the direction of the Shipbuilding and Marine Standards Committee. This Part is identical with ISO 4175:1979 “*Shipbuilding — Shipborne barges, series 1 — Main dimensions*”, prepared by Technical Committee 8, Shipbuilding, of the International Organization for Standardization (ISO).

Terminology and conventions. The text of the International Standard has been approved as suitable for publication, without deviation, as a British Standard. Some terminology and certain conventions are not identical with those used in British Standards; attention is especially drawn to the following.

The comma has been used as a decimal marker. In British Standards it is current practice to use a full point on the baseline as the decimal marker.

Wherever the words “International Standard” appear, referring to this standard, they should be read as “British Standard”.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 3 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Amendments issued since publication

Amd. No.	Date of issue	Comments
4781	February 1985	Indicated by a sideline in the margin

This British Standard, having been prepared under the direction of the Shipbuilding and Marine Standards Committee, was published under the authority of the Executive Board and comes into effect on 30 April 1980
