Piezoelectric, dielectric and electrostatic devices and associated materials for frequency control, selection and detection – Glossary

Part 3: Piezoelectric and dielectric oscillators

National foreword

This Draft for Development is the UK implementation of IEC/TS 61994-3:2011.

The UK participation in its preparation was entrusted to Technical Committee EPL/49, Piezoelectric devices for frequency control and selection.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
