

IEC 61394
(First edition – 2011)

Overhead lines –
Requirements for greases for aluminium,
aluminium alloy and steel bare conductors

C O R R I G E N D U M 1

Table 1 – Classification of tests

Replace the existing Table with the following new Table:

Table 1 – Classification of tests

Test	Type tests		Sample tests	
	Type A	Type B	Type A	Type B
Drop point	X	X	X	X
High temperature stability	X		X	
Penetrability	X	X	X	X
Low temperature adherence	X	X		
Acidity/alkalinity		X		
Ageing	X	X		
Corrosion test	X	X		
Stability on conductor (high temperature)	a	a		
Stability on conductor (short circuit)	a	a		
^a If requested by the purchaser.
