

# INTERNATIONAL STANDARD

# NORME INTERNATIONALE

**Nuclear power plants – Instrumentation and control important to safety –  
Electrical equipment condition monitoring methods –  
Part 4: Oxidation induction techniques**

**Centrales nucléaires de puissance – Instrumentation et contrôle-commande  
importants pour la sûreté – Méthodes de surveillance de l'état des matériels  
électriques –  
Partie 4: Techniques d'induction à l'oxydation**

### About the IEC

The International Electrotechnical Commission (IEC) is the leading global organization that prepares and publishes International Standards for all electrical, electronic and related technologies.

### About the IEEE

IEEE is the world's largest professional association dedicated to advancing technological innovation and excellence for the benefit of humanity. IEEE and its members inspire a global community through its highly cited publications, conferences, technology standards, and professional and educational activities.

### About IEC/IEEE publications

The technical content of IEC/IEEE publications is kept under constant review by the IEC and IEEE. Please make sure that you have the latest edition; corrigenda or amendments might have been published.

- IEC catalogue of publications: [www.iec.ch/searchpub](http://www.iec.ch/searchpub)

The IEC online catalogue enables you to search by a variety of criteria (reference number, text, technical committee,...). It also gives information on projects, withdrawn and replaced publications.

- IEEE products and services : [www.ieee.org/go/shop](http://www.ieee.org/go/shop)

IEEE publishes nearly a third of the world's technical literature in electrical engineering, computer science, and electronics. Browse the latest publications including standards, draft standards, standards collections, and much more.

- IEC Just Published: [www.iec.ch/online\\_news/justpub](http://www.iec.ch/online_news/justpub)

Stay up to date on all new IEC publications. Just Published details all new publications released. Available online and also by monthly email.

- Electropedia: [www.electropedia.org](http://www.electropedia.org)

The world's leading online dictionary of electronic and electrical terms containing more than 20 000 terms and definitions in English and French, with equivalent terms in additional languages. Also known as the International Electrotechnical Vocabulary online.
