

TECHNICAL REPORT

**Electrical insulation systems – Procedures for thermal evaluation –
Part 2: Selection of the appropriate test method for evaluation and classification
of electrical insulation systems**

CONTENTS

FOREWORD	3
1 Scope	5
2 Normative references	5
3 Terms and definitions	6
4 General information	6
4.1 Purpose of the evaluation	6
4.2 Test objects	7
4.3 Test stresses	7
5 Design and development of the scope of work for the EIS evaluation.....	7
6 Test methods for the evaluation and classification of EIS	7
Table 1 – Evaluation for thermal stresses in air.....	9
Table 2 – Standards for the modification of an established EIS	10
Table 3 – Standards for special environmental applications	10
Table 4 – For evaluation prior to the start of long-term thermal ageing.....	10
